

# Assignment

Ujjwaldeep Singh

March 2023

## 1 Introduction

My name is Ujjwaldeep Singh and I am currently a master's student in my first year. I have always been fascinated by how civil engineering projects shape the world around us and improve our daily lives.

I am proficient in using various software and tools, including AutoCAD, Revit, and 3Ds MAX, Staad. PRO to create and analyze designs. I am also knowledgeable in the principles of mechanics, materials, and structures, which are fundamental to the field of civil engineering. I believe that civil engineering has the power to make a positive impact on society and I am excited to continue learning and contributing to the field.

In my spare time, I enjoy knowing what's new is going on in our society. I am very much fond of the automobile industry, photography, and sketching.
